Title:

Company Measures in Response to “State of Emergency” Declaration

In accordance with the government’s declaration of a State of Emergency due to the spread of COVID-19, and with the health and safety of our employees and our valued clients of the utmost importance, from Wednesday, April 8th onward, Seventh Sense Group will be taking the following actions.

1. Remote Work

Remote Work is being utilized not just for the areas covered by the State of Emergency, and also for other areas. As such, correspondence over the phone and through other methods may take more time than usual, so we appreciate your understanding in this matter.

2. Meetings with Clients

In compliance with the State of Emergency declaration, all branches will be refraining from meeting clients in person; instead, correspondence will be done via phone, email, or Web meetings.

3. Handling of Materials Electronically

In accordance with (2) above, we would like to ask to receive all data and materials electronically.

Seventh Sense Group has already been taking the steps to become a paperless company. We would like to request your support as well by providing materials and data electronically to ease the process.

Our group has offices across Japan, so the actual situation may differ depending on the area, however, we are enacting these measures and continuing to monitor the situation as health and safety is of the highest priority.

We apologize to our clients and partners for any potential inconveniences caused by enacting these measures, and we hope we can count on your understanding and cooperation.

Thank you very much for your continued support.
